SEMESTER 1 - FLOW 4

SoMe video production

At the fourth flow we had to, in groups, create 3 commercial videos for a business with circular economy. The videos should respectively be 30 seconds, 15 seconds and 5 seconds. We also had to make a landing page for the videos. My group chose the clothing company ZARA.

We started with a bit of research and some brainstorming, and when we were ready, we started planning the videos. First, we created a storyboard:

We then created a manuscript, for a more detailed version of the storyboard. And lastly, we created a shot list:
